

Bremer Forensic

C O N S U L T A N T S

FREDERICK G. BREMER, A.I.A., N.C.A.R.B.
Architect

PROFESSIONAL EXPERIENCE

2008 **Bremer Forensic Consultants**
President

Provide technical investigations, analysis, reports, and testimony toward the resolution of litigation involving architecture, construction claims, estimating, and code compliance.

Construction Claims: Contract Document compliance; analysis of construction defects; standard of care; coordination issues.

Construction Materials Failures: Spalling brick and concrete; gutter/flashing system failures; expansion joint failures; sealant application failures; window system failures; water infiltration; exterior insulation finish system (EIFS); maintenance related materials failures.

Trip Accidents: Analysis of stair geometry and construction; single steps; misalignments of walking surfaces; gratings; sidewalks – obstructions and maintenance; unmarked slope area.

Certified Playground Safety Inspector: Analysis of playground equipment configuration, construction, access for persons with disabilities, and impact attenuation ground surfacing.

Issues for Special Users: Barrier-Free standards, Americans with Disabilities Act (ADA) guidelines, access for persons with disabilities, the elderly, and children of various ages.

Building Safety: Codes, standards; lighting levels and uniformity; unprotected openings in floors and walls; guard rails; glass and glazing; window guards; dance floors; retail displays; means of egress; maintenance of safe means of egress.

Security: Site planning and design; site and building exterior lighting; facility planning; door hardware.

Conspicuousness of Hazards: Placement, effectiveness, and illumination of warnings; signage; color and contrast of adjacent materials.

Building Failures: Foundation cracking, settling, or failures due to soil conditions, grading, and water intrusion; roof and wall collapses; construction means and methods.

Building Design and Planning: Building codes and standards; means of egress; security; retrofitting requirements, access for persons with disabilities.

Site Design and Planning: Site planning; zoning; grading and drainage; control of storm water; snow removal planning; parking lots; access for persons with disabilities

FREDERICK G. BREMER, A.I.A.
